RESERVED! A very fine example of a Torrestrella villa with private pool and idyllic views, Las Comunicaciones, San Miguel de Salinas. Beautiful gardens, garage, sun terrace and conservatory. Additional utility/breakfast room. A very fine example of a Torrestrella villa with private pool and idyllic views, Las Comunicaciones, San Miguel de Salinas. Beautiful gardens, garage, sun terrace and conservatory. Air-conditioned. To be sold with white goods and pellet burner, but otherwise unfurnished. Additional utility/breakfast room. Torrestrella is a small urbanization of 42 luxury villas with private pools which in turn forms part of the larger Las Comunicaciones development located approx 2-3 km from the town centre of the popular Spanish town of San Miguel de Salinas. All Torrestrella properties have the possibility of a mains gas connection, central heating with radiators, and distinctive sandstone garden walls. Please note that the central heating system has not been used for some time, and the mains gas supply will require reconnecting and inspecting should you decide to use it, but was in full working order when it was last used. We can recommend an excellent local plumber who can do this for you. This particular villa also has stunning views from the upper sun terrace across open fields towards the castle and town of San Miguel, and also the nearby Sierra Escalona pine forest, which provides an unspoilt area of natural beauty for you to explore. As you can see from the photographs, the property is in immaculate condition, with several recent improvements. Front and rear gardens are relatively low-maintenance with a combination of tiled areas and gravel beds planted with established tropical plants, shrubs, cacti, succulents and palms. Access between front and rear gardens is via a secure gate to one side, and through the garage on the other side of the house. The swimming pool is well-positioned to enjoy plenty of sunlight throughout the day, and the countryside views can be enjoyed from the pool-side. A pergola/chill-out area has recently been installed with bluetooth LED system where you can relax in the shade after your dip in the pool! To the front of the house is a small conservatory accessed by a very short flight of steps, and the main entrance which leads into the lounge (with new pellet burner), dining area and open-plan kitchen. An additional utility or breakfast room has been added to the side of the kitchen (included in the deeds) which has access to both the front and rear gardens. Also on the ground floor is a double bedroom with spacious ensuite shower room, and an additional WC adjacent to the staircase. The upper floor comprises a large family shower room and 2 double bedrooms, both of which have patio doors, in one room leading to a juliet balcony overlooking the swimming pool, and in the other room leading directly onto the sun terrace. There is also access to the sun terrace via a doorway on the upper landing. Although the property is located in a quiet residential area, it is only a 2 minute drive or 15 minute walk to the Castillo de Conesa (Conesa Castle), the location of one of the 4 Alingui restaurants in the area, where you can enjoy a superb meal amidst spectacular surroundings and after a glass or
